

Calling parents for research project

Does your child have psoriasis or eczema?

We are looking for children with psoriasis or eczema (aged 4-17 years old), and their parents, to complete an online survey about their experiences.

Each participant will be entered into a prize draw for the chance to win one of four £50 Amazon vouchers.

Skin 'n' Bones Connection issue 47

The latest edition of our Journal is being published this week. To coincide with the NHS at 70, the issue focuses on how people are now being encouraged to be more involved, not only in their own health care, but to take part in research to help others.

To learn more about the publication and [how to get a copy follow this link](#)

Those who already have a journal subscription, you will receive your copy in the post next week.

Psoriasis in Practice

Our primary and allied healthcare on-line training programme is now available. This is worth 10-study hours and has been accredited by the RCN Centre for Professional Accreditation until April 4th 2019.

Anyone working with people affected by psoriasis and psoriatic arthritis who wishes to get a better understanding of the condition should consider this programme. A recent participant said:

" Even as a specialist working in this area I think it is important to keep up-to-date. The course is most definitely aimed at those with less knowledge of psoriasis than I have but it has enhanced my learning particularly in psoriatic arthritis and it's a good refresher..."
