Coronavirus (COVID-19)

PAPAA would like to thank everyone that has contributed to our work both in the past and in the present. We appreciate all your efforts in supporting our work to enable us to support all those that come to us. Patients, carers, family, friends, healthcare professionals, just everyone that needs us.

PAPAA will continue to do as we always do, support all those that come to us and keep you updated as best we can with good quality evidenced based information that you can trust and rely on.

We are working remotely to abide and support the current Government instructions, but we will continue to provide the services you require, although under these uncertain times, restrictions may mean it takes us a little longer to deal with your needs and enquiries.

We will be adding and updating our [website](#) regularly, including dedicated [blog posts](#), where you will be able to see relevant information to help you through this current period.

Remember: stay at home, wash your hands, and keep your distance from others to stop the spread of the virus and to keep yourself safe too.

Stay safe, keep well.

Best wishes from the PAPAA team.
