

Skin 'n' Bones Connection

Latest issue out now!

We are pleased to announce that the latest edition of our journal is now available. Published twice a year the Skin 'n' Bones Connection journal provides a broad selection of articles that will be of interest to not only those affected by psoriasis and psoriatic arthritis, but also to anyone with an interest in these conditions.

In this edition we cover a number of topics that are relevant not only to the current health situation, but also to the future world in which we will all need to live.

Contents

- Psoriatic arthritis treatment goal
- Perceptions about vaccinations
- Royal College of Occupational Therapists
- To ink or not to ink
- Health, wealth and happiness
- Psoriasis in Practice
- Mindfulness and museums
- Innovative Medicines Fund
- Pso Psience
- Animal PoisonLine
- Marketplace
